**BOND SAVER**  
**LAMELLAR WATER**

balsamo lamellare  
lamellar conditionneur  
traitement lamellaire

# LISAPLEX™

## BOND SAVER LAMELLAR WATER

### What is it?

A light, ultra-fast treatment, suitable for all hair types and textures.

It gives intense shine and repairs all hair types in just **9 seconds**, without weighing it down.

The **Vegetal Protein Complex** contained in it preserves the integrity of the hair's lamellar structures.

### What does it do?

- ▶ detangling and smoothing effect on the structure
- ▶ ideal for all hair types
- ▶ makes hair soft and shiny
- ▶ makes styling easier and speeds up drying time
- ▶ repairs damage caused by heat and aggressive chemical treatments
- ▶ protects against mechanical stress caused by combs and brushes
- ▶ instant effect

## RESULTS

Its instant action detangles, smooths and makes all types of natural, colored or chemically treated hair visibly healthier and shinier, restoring beauty to the tips and eliminating frizz.

# LAMELLAR TECHNOLOGY

This **lamellar conditioner** is an ultra-light liquid treatment; its technology exploits the power of lamellae, particles able to penetrate the hair cuticle and repair damaged areas on each lock more easily than traditional hair creams and masks.

By working in thin layers, the formula deposits small active ingredients such as moisturisers, amino acids (for strength and shine) and conditioning agents into the damaged areas of each lock of hair, and immediately penetrates the hair shaft for an enhanced nourishing effect.

**In brief**, the water on the surface of the hair activates the smoothing power of lamellar technology. The conditioning agents are organized into a fine lamellar structure that covers the fibre, smoothing out any irregularities in seconds.

The hair becomes shiny, smooth and perfectly manageable during styling, ensuring impeccable lightness.

## ACTIVE INGREDIENTS IN THE FORMULA

The **Vegetal Protein Complex** contained in it preserves the integrity of the hair's lamellar structures

- ▶ on elastic properties;
- ▶ on flexion;
- ▶ on cuticle abrasion.

### Guarantees:

- ▶ Cosmetic effect, protection and reconstruction, while improving the volume and thickness of the hair.

It has two functions, by acting:

### ▶ AT AN INTRACORTICAL LEVEL

*(on the inside)*

- ▶ It strengthens and lubricates the surface of the hair
- ▶ It reduces damage caused by aggressive chemical treatments, environmental stress and styling practices

### ▶ AT SURFACE LEVEL IN THE CUTICLE

*(on the outside)*

- ▶ It triples the strength of damaged hair by replenishing the natural anti-breakage elements
- ▶ It strengthens hair, helping it withstand damage caused by combs, brushes and hair dryers
- ▶ It protects the hair even in extremely humid environments

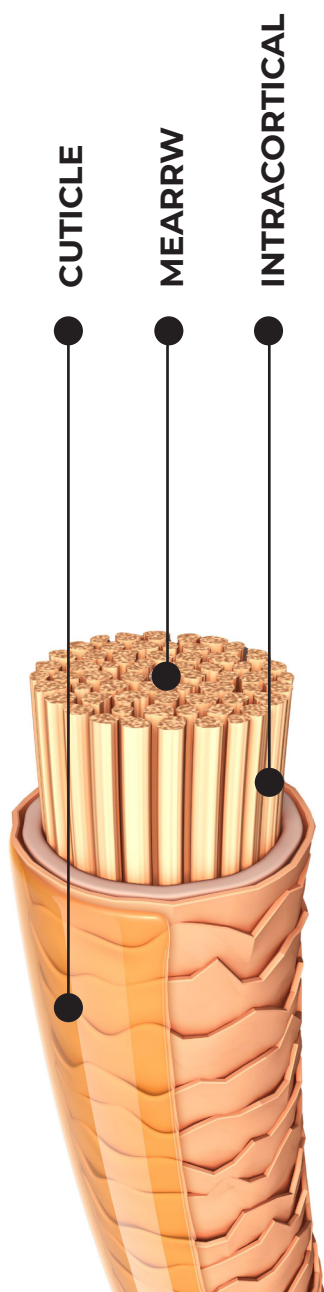

100% VEGAN

PARABEN FREE

SLS/SLES FREE

# VANILLA SUNLIGHT

## FRAGRANCE

What is it?

### TOP NOTES

Coconut  
Lactonic  
Rose  
Jasmine

### MIDDLE NOTES

Vanilla  
Fruity Notes  
White Flowers  
Honeysuckle

### BASE NOTES

Vanilla  
Musks  
Amber  
White Musk

The fragrance consists of a base note of vanilla, amber and white musk expressing sweetness, a heart note also linked to vanilla and to fruity fragrances, and ends with candid and velvety top notes with rose, jasmine and coconut.

# HOW TO USE

**1** After shampooing, towel-dry the hair;

**2** Apply the product to the lengths and tips;

**3** Massage for **9 seconds** to create a delicate emulsion;

**4** After this time, rinse thoroughly, avoiding contact with eyes;

**5** Then, style as you like;

**NB:** application is not recommended on the same day as hair coloring at the salon

## DOSAGE GUIDE

1 dose corresponds to **25 ml.**

- ▶ Thin to medium hair and short to medium-length hair: **1 dose.**
- ▶ Thick to curly hair and medium-length to long hair: **2-3 doses.**
